

**KidzROCC Preschool & Elementary  
Wellness Policy & Procedures**

**Wellness Guidelines**

To ensure the health of the children and volunteers, we ask that sick children do not attend KidzROCC. If children present with any symptoms while in KidzROCC, parents will be contacted and asked to take their child home.

*The Committee on Control of Infectious Diseases of the American Academy of Pediatrics and the Center for Disease Control (COVID-19) recommends that a child should not leave home when any of the following symptoms exist:*

- 1. Fever (over 100.4 degrees).**
- 2. Shortness of breath.**
- 3. Cough.**
- 4. If child has tested positive for COVID-19 or has been in contact with anyone who has tested positive for COVID-19 within the past 14 days.**
5. Green or yellow discharge from nose.
6. Vomiting or diarrhea within the last 24 hours.
7. Any symptoms of childhood diseases such as scarlet fever, German measles, mumps, chicken pox or whooping cough.
8. Common cold – from onset through one week.
9. Sore throat.
10. Croup.
11. Any unexplained rash.
12. Any skin infection – boils, sores, ringworm or impetigo.
13. Untreated pink eye or other eye infection.
14. Any communicable disease.
15. Lice, including the presence of eggs or nits.

These are the guidelines that we follow and we expect that a child or volunteer to be free of fever for 24 hours without medication before coming back to KidzROCC.

**Special COVID-19 Information:**

If a child has been in contact with anyone who has tested positive for COVID-19 or has tested positive for COVID-19, we require that you stay home for at least 2 Sundays (14 days) and have child tested, prior to returning.

We do not dispense any medication to a child.
